-
- Two black, square-shaped mPm pressure sensors are shown. The sensor on the left has a black cylindrical connector with a white label. The sensor on the right has a brass-colored threaded connector. Both sensors have a small, clear, dome-shaped protective cap over the sensing element. The mPm logo and a technical drawing of a pressure sensor are visible on the front of each unit.

TEKNISK DATA

Antal poler

2+jord

Beskrivning

DINA till rak M12

Drivspänning

250 V AC/300 V DC

Färg hus

Svart

IP-klass

IP65

Jordplacering

kl. 6 och 12

Kontaktresistans

 $\leq 5 \text{ m}\Omega$

Krets

Ingen krets

LED-indikering

Nej

Material Packing

NBR

Material Stiff

Mässing

Skruvstorlek

M3x27

Ström max

5 A

Temperaturområde från

-40 °C
