

Dörrmonterat pistolvred

-
- A collection of various electrical components including switches, knobs, and a terminal block. The components are arranged in a collage-like fashion. There is a red and yellow rotary switch with 'ON' and 'OFF' markings, a black and silver rotary switch with 'ON' and 'OFF' markings, a white and red toggle switch, a black circular component with two holes, a yellow rectangular component with a red slider and a red knob, and a silver metal bracket.

TEKNISK DATA

Färg	Rödgul
Godkännanden	cULus, EN60947-3, EN60947-1, IEC 60947-3 , IEC 60947-1
IP-klass	IP66, IP69K
Kompatibel med	GL0160C1, GL0200C1, GL0250C1, GL0315C1
Rekommenderat åtdragningsmoment	1,5 Nm
Temperaturområde drift från	-25 °C
Temperaturområde drift till	55 °C
Temperaturområde lager från	-40 °C
Temperaturområde lager till	70 °C
Vikt	0,22 kg
