PRODUKTBESKRIVNING

Vector 3 T-handtag för centrallåsning av fordon. Upplåsnings- och låssignalen skickas från fordonets system. Finns i versioner med återkoppling om T-stångshandtaget är öppet eller stängt och om handtaget är upplåst eller låst.

Handtaget skapar 4 mm kompression och är tätat till IP65 för vatten och damm. Fyra blindmonterade dubbar säkerställer vattentät montering. Vid strömbavbrott är spärren utrustad med en mekanisk överstyrningscylinder.

Finns för 12- och 24-voltssystem och med fasta eller justerbara rullkammare, samt 1-, 2- och 3-punkts låsalternativ.
