

## NUVO-8111

### NUVO-8111

Box PC with 2x PCIe and 1x PCI, supporting NVIDIA® 200W graphics card

- CPU: Intel® Coffee Lake processorer (8/9th gen)
- Lagring: 1x full-size mSATA, 2x 2.5" SSD/HDD
- RAM: 32 GB DDR4 (en SODIMM slot)
- GigE/USB: 2x GigE, 4x USB 3.1, 3x USB 2.0 (internal use)
- GPU: 200W

## PRODUKTBESKRIVNING

## TEKNISK DATA

|                            |                                                                                    |
|----------------------------|------------------------------------------------------------------------------------|
| Bredd                      | 174 mm                                                                             |
| Chipset                    | Intel H310 platform controller hub                                                 |
| DC Input                   | 1x 3-pin 24V DC                                                                    |
| Djup                       | 330 mm                                                                             |
| GPU                        | Ja                                                                                 |
| GPU                        | 200W (NVIDIA RTX 3060/ 3060 Ti)                                                    |
| Grafik                     | Intel® UHD Graphics 630                                                            |
| Hårddiskinterface - mSATA  | 1x full-size mSATA                                                                 |
| Hårddiskinterface - SATA   | 2x internal SATA ports for 2.5" HDD/ SSD                                           |
| Höjd                       | 174 mm                                                                             |
| I/O-portar - Ethernet-port | 2x Gigabit Ethernet (Intel® I219-LM/I210-IT)                                       |
| I/O-portar - Ljudutgång    | 1x mic in and speaker-out                                                          |
| I/O-portar - PCI           | 1x 33MHz/ 32-bit 5V PCI slot                                                       |
| I/O-portar - PCI Express   | 1x PCIe Gen3 x16, 1x PCIe Gen3 x8                                                  |
| I/O-portar - Seriell       | 2x software-programmable RS-232/422/485 ports (COM1/ COM2), 3x 3-wire RS-232 ports |
| I/O-portar - USB           | 4x USB 3.1 Gen2 (5 Gbps), 3x USB 2.0 (internal)                                    |
| I/O-portar - Video         | 2x DVI-D                                                                           |

|                                    |                                         |
|------------------------------------|-----------------------------------------|
| <b>Luftfuktighet</b>               | 10%~90% , non-condensing                |
| <b>Minne RAM</b>                   | 32 GB                                   |
| <b>Processor</b>                   | Intel 9th/ 8th-Gen, Pentium and Celeron |
| <b>Temperaturområde från</b>       | -25 °C                                  |
| <b>Temperaturområde lager från</b> | -40 °C                                  |
| <b>Temperaturområde lager till</b> | 85 °C                                   |
| <b>Temperaturområde till</b>       | 60 °C                                   |
| <b>Typ av minne</b>                | 1x DDR4 2666 SDRAM                      |
| <b>Vikt</b>                        | 4,5 kg                                  |
